

Each year the KSRC celebrates excellence in respiratory care in the Commonwealth of Kentucky. The announcement of these nominees and award winners take place at the KSRC Making the Connection Conference.

We do this by presenting several awards to outstanding respiratory therapists. These awards are:

1. Commonwealth Award for Respiratory Excellence (C.A.R.E) Award: This award recognizes an outstanding therapist. This individual will be an outstanding clinician, who provides compassionate care and advocates for the patient.
2. Rising STAR: This award recognizes respiratory therapists who have less than 5 years of experience in the field and who demonstrate excellence, growth, and leadership.
3. Extraordinary Educator: This award is used to recognize those within the respiratory profession who pass knowledge on to students. This does not have to be an educator employed by a formal educational facility but can be a departmental educator.
4. Leader Award: This award is used to recognize those in the respiratory community who have formal leadership responsibility to their organization. This individual demonstrates traditional respiratory skills and exceptional leadership qualities, leading their organization through growth and change, shows a commitment to the respiratory profession of the future and to those in their organization. They demonstrate collaboration within the respiratory department and throughout their organization.

Help us recognize outstanding Respiratory Therapists in Kentucky
You are not required to be a member to nominate an individual for an award.
